Note:

1 In 2022-23, some common core courses were offered with the prefix "CORE". For students who took these "CORE" courses, please note:

(a) Changes in course codes (e.g., from PHYS 1003 to CORE 1111) will not affect their fulfillment of relevant curriculum requirements;

(b) The same course with the corresponding subject area code cannot be retaken. For example, if a student took CORE 1232 Exploring and Visualizing Data in 2022-23, they can use it to fulfill the Science & Technology (S&T) area requirement, but they cannot take COMP 1942 Exploring and Visualizing Data in subsequent terms.
